

**THESIS SUBMITTED FOR THE DEGREE OF
DOCTOR OF SCIENCE
OF THE
UNIVERSITY OF CALCUTTA**

**ON
INVESTIGATIONS ON THE IONOSPHERE**

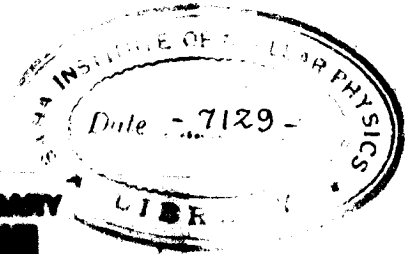

**BY
RABINDRA NATH ROY, M.Sc.**

Preface i-ii

PART I.

Paper I	-	A Time Base Circuit for a High Precision Ionospheric Sounding Apparatus	1
Paper II	-	A High Precision Ionospheric Sounding Equipment	2
Paper III	-	Irregularities in the Ionosphere	3

PART II.

Chapter - I.

Theoretical Studies on the Polarization of Electro-magnetic Waves for Vertical Propagation in the Ionosphere:

§ 1.	Introduction	4
§ 2.	Wave Equations	6
§ 3.	The Coupling Term	13
§ 4.	R and α in the $\xi-\eta$ plane	22
§ 5.	Polarization characteristics of the Waves	34
§ 6.	Polarization characteristics at Calcutta	42
§ 7.	The Limiting Polarization and the Collision Frequency..	46

Chapter - II.

Page:

**Experimental Studies on the Polarization
of the Echoes from the Ionosphere:**

§ 1. Introduction	50
§ 2. The Radio Polarimeter	52
§ 3. Sense of Rotation	63
§ 4. Results and Discussion	65
§ 5. The Collision Frequency and the Electron Concentration		...	78
References	82
Addendum	84
